## Classic Boat Shop Detail Brokerage Listing

---

COMMENTS: The 'Bullseye' is a great daysailer and has been an established one-design racing class since it's inception there are many racing fleets along the East coast . Bylaws and more information about the class can be found at: [www.bullseyeclass.org](http://www.bullseyeclass.org). There are very active fleets with regularly scheduled races in Southwest and Winter Harbor. This boat is in good condition. The Hull , interior and decks were Awlgrip painted in 2002, All of the woodwork was replaced in 2002 (oiled teak finish) including the varnished mahogany seats. With a bit of TLC it would not be difficult to bring her to excellent condition again.

OFFERED FOR: \$9,750
